

# VOCALO CHANGER

## PLUGIN

V1.0.0

### Read Me First

Thank you very much for purchasing VOCALO CHANGER.

- **Items to check before installation:**

- **Serial Code**  
The serial code is described in the email sent when you downloaded and purchased the software.
- **Internet Environment**  
You must be connected to the internet to authenticate the package.

- **Notes:**

- **User Licensing**
  - ✧ This product can only be used by customers who have agreed to the End User License Agreement.
  - ✧ Please be sure to read and agree to the License Agreement before installing this product.
- **Operating Environment**
  - ✧ The operating environment for this product is described on the official website of the product, so be sure to review it before use.
  - ✧ Please note that we cannot guarantee proper operation if used in any other operating environment. Additionally, even when used in the operating environment described, it may not be possible to use it due to design specifications and/or usage environments peculiar to various other software and hardware in the environment.
  - ✧ Not all operations are guaranteed to work, even in an environment that meets the described conditions.
  - ✧ Please be advised that we cannot accept any returns due to issues arising from the environment and other factors beyond our control.
- **Support**
  - ✧ Please direct inquiries about this product to our dedicated support center.
  - ✧ Yamaha's VOCALOID Products Customer Center (<https://www.vocaloid.com/en/support/>)
- **Manual**
  - ✧ This manual provides a guide to the installation, authorization, and deauthorization procedures.
  - ✧ To see the detailed manual for VOCALO CHANGER, go to "Reference Manual" on the VOCALO CHANGER website.

Note: Screen shots used in this manual are from macOS 13 and Windows 11.

## Installation

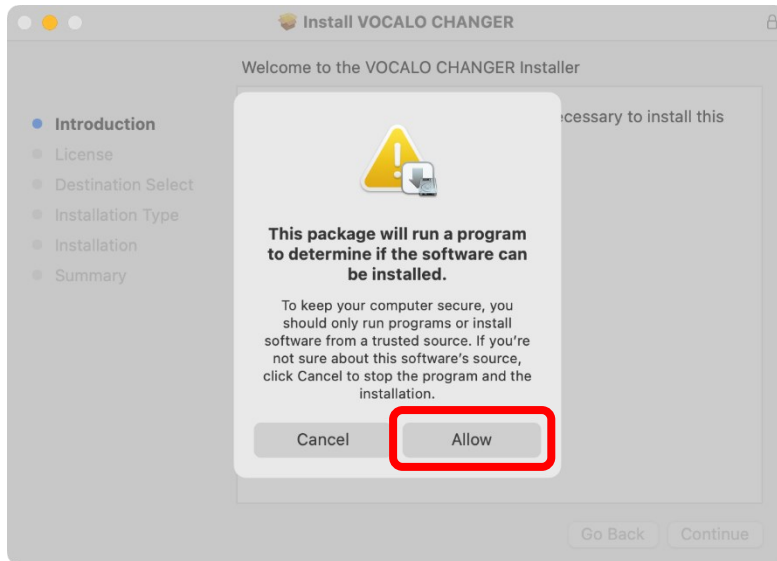

### Installation

There are several installation files. After confirming that the operating environment and conditions for the product are met, perform all of the installation steps. Here we will explain one of the procedures as an example.

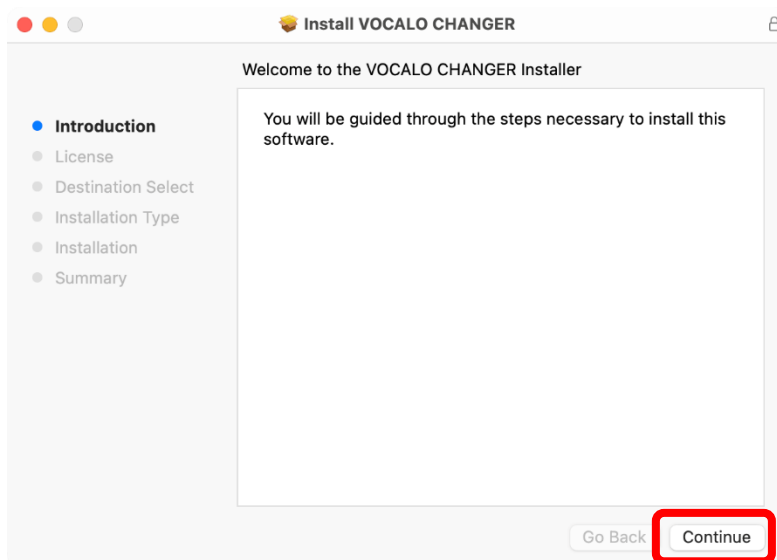

**1. Double-click the installation file.**

The installer starts.

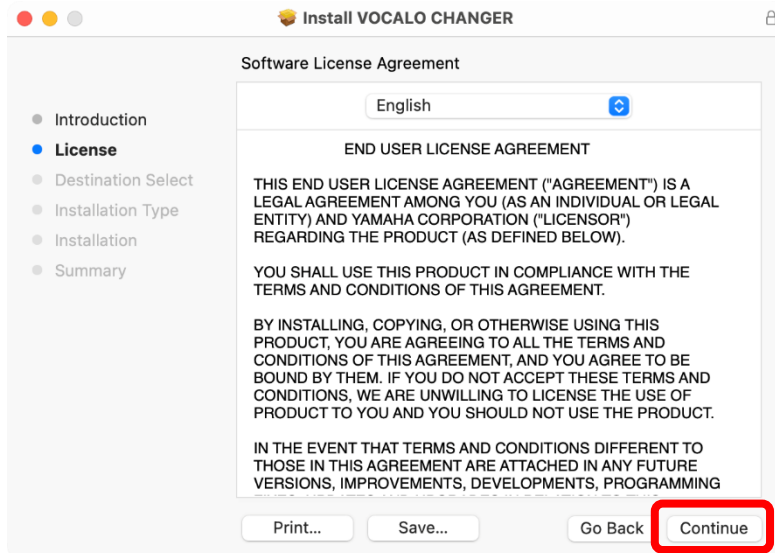

**2. Click “Allow.”**

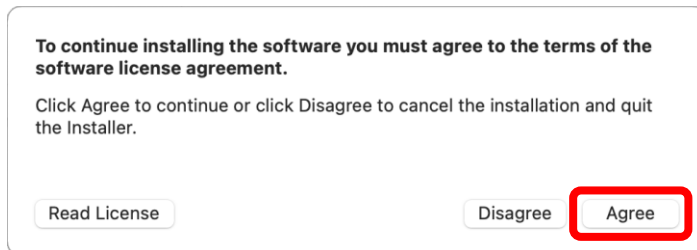

**3. Click “Continue.”**

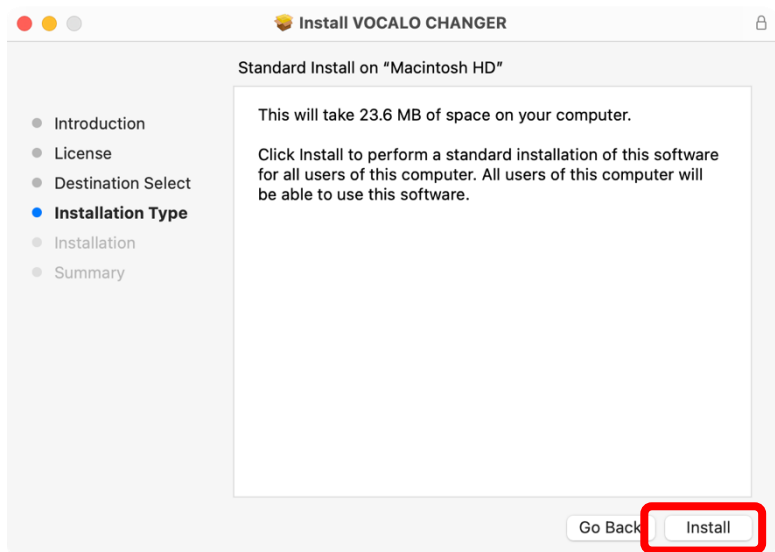

#### 4. Click “Continue.”

#### 5. Click “Agree.”

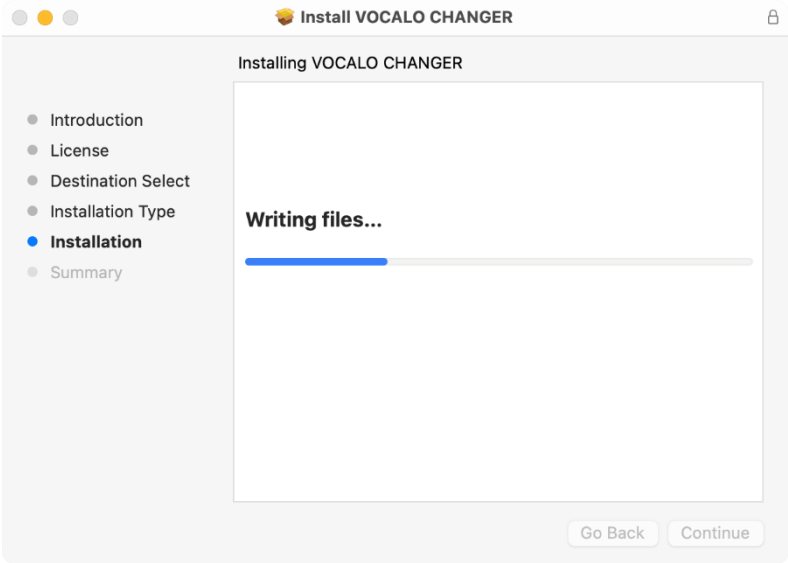

#### 6. Click “Install.”

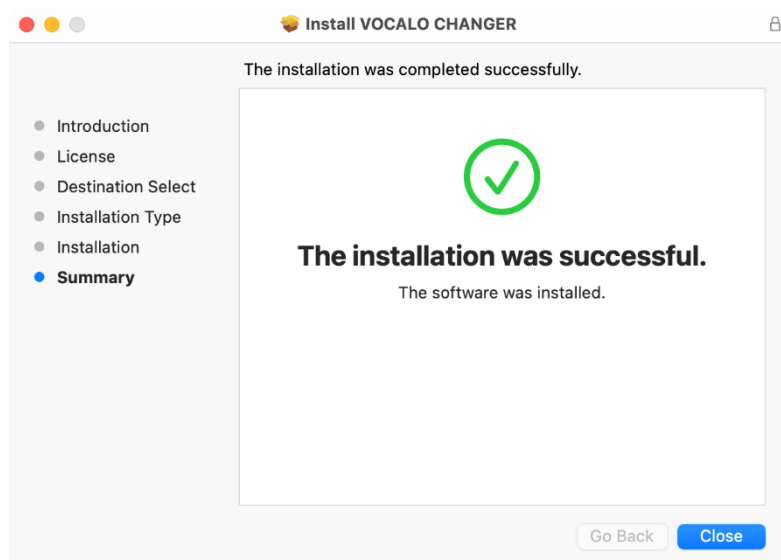

7. Enter a username and password, and then click “Install Software.”

Installation begins.

The following window appears when installation finishes.

This completes installation. Repeat the procedure above until the installation of all the files is complete.

## Authorization

### Authorization

In order to use VOCALO CHANGER, authorize the package after installing the files by accessing the VOCALOID authorization server via the internet. Although VOCALO CHANGER can be used for a certain period without activating it, it can no longer be used once that period expires. Be sure to authorize the software to continue to use it.

### Notes on Authorization

Your computer must be connected to the internet to perform authorization.

#### **If the computer VOCALO CHANGER is installed on is connected to the internet:**

You can perform authorization as-is on the computer on which VOCALO CHANGER was installed. For details, see the online authorization procedures below.

#### **If the computer VOCALO CHANGER is installed on is not connected to the internet:**

Use a different computer, which is connected to the internet, to perform authorization. Start VOCALOID Authorizer and click "Authorization." Then click the "Authorization (Offline)" tab and follow the on-screen instructions to authorize VOCALOID offline. Start VOCALOID Authorizer, and make sure it is on the tabs "Authorization" → "Offline." Follow the on-screen operating procedure to perform "Offline Authorization Procedure."

## Online Authorization Procedure

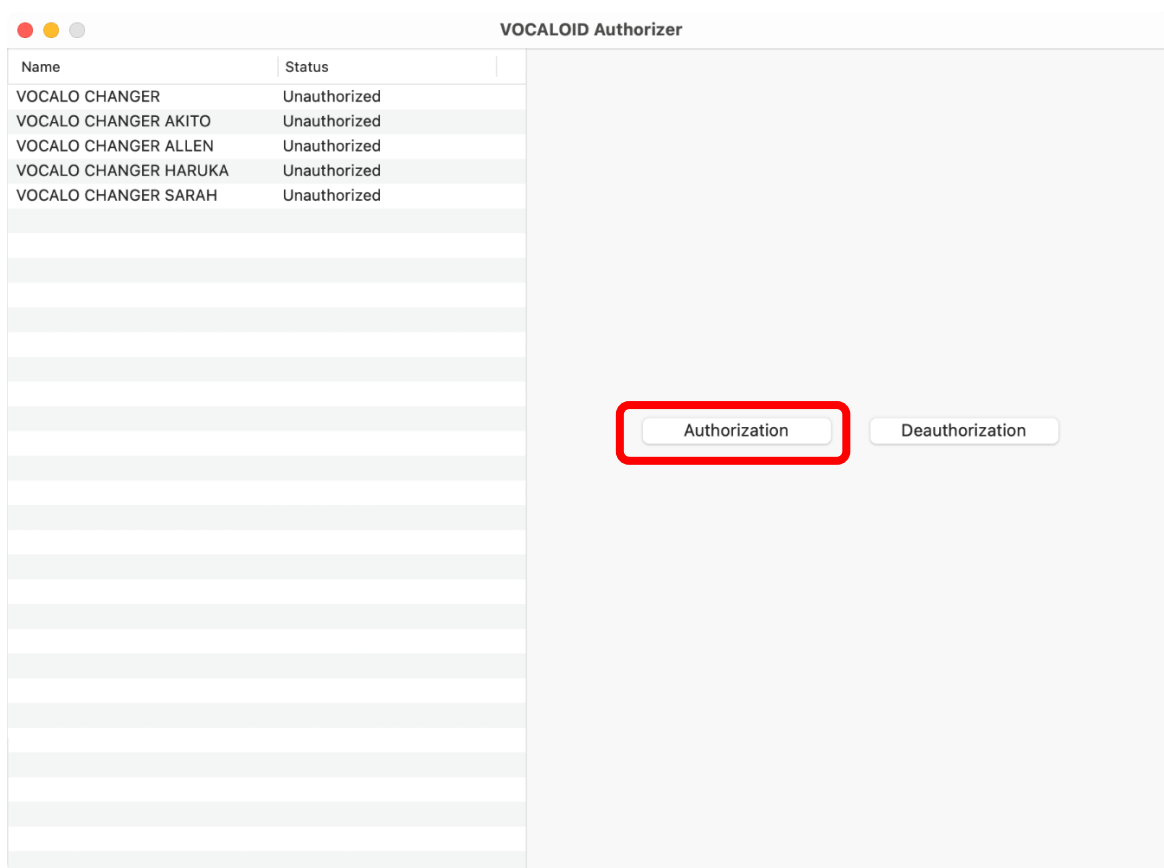

1. **Start VOCALOID Authorizer.**

VOCALOID  
Authorizer

\* If you have installed products before VOCALOID4, a dialog box appears with the message, "VOCALOID Authorizer is trying to install a new helper tool." Please install the helper tool.

## 2. Click “Authorization.”

- 4. Enter the serial code and click “Next.”**

Several serial codes can be authorized at the same time by entering them as shown below.

The screenshot shows the VOCALOID Authorizer application. On the left is a table with two columns: 'Name' and 'Status'. It lists four users: VOCALO CHANGER, VOCALO CHANGER AKITO, VOCALO CHANGER ALLEN, VOCALO CHANGER HARUKA, and VOCALO CHANGER SARAH, all with a status of 'Unauthorized'. On the right is a dialog box titled 'VOCALOID Authorizer'. It has two tabs: 'Authorization' (selected) and 'Offline Authorization'. The 'Authorization' tab contains the instruction 'Enter serial codes in a newline-delimited string.' followed by an example: 'ex) AAAAA-AAAA-AAAA-AAAA\nBBBB BBBB BBBB BBBB\nCCCCDDDDDEEEEEFFFF'. Below this is a large text input field containing 'BBBB BBBB BBBB BBBB'. At the bottom right of the dialog is a 'Next' button, and at the bottom center is a 'Go Back' button.

Name	Status
VOCALO CHANGER	Unauthorized
VOCALO CHANGER AKITO	Unauthorized
VOCALO CHANGER ALLEN	Unauthorized
VOCALO CHANGER HARUKA	Unauthorized
VOCALO CHANGER SARAH	Unauthorized

**VOCALOID Authorizer**

Authorization Offline Authorization

Enter serial codes in a newline-delimited string.

ex)  
AAAA-AAAA-AAAA-AAAA  
BBBB BBBB BBBB BBBB  
CCCCDDDDDEEEEEFFFF

BBBB BBBB BBBB BBBB

Next

Go Back

- 5. Check the names of components to be authorized and click “Authorize.”**

[illegible]

6. Check and make sure the status in the list is “Complete,” and then click “OK.”

Name	Status
VOCALO CHANGER	Complete
VOCALO CHANGER AKITO	Complete
VOCALO CHANGER ALLEN	Complete
VOCALO CHANGER HARUKA	Complete
VOCALO CHANGER SARAH	Complete

OK

7. Make sure the status of the components is “Authorized.”

VOCALOID Authorizer

Name	Status
VOCALO CHANGER	Authorized
VOCALO CHANGER AKITO	Authorized
VOCALO CHANGER ALLEN	Authorized
VOCALO CHANGER HARUKA	Authorized
VOCALO CHANGER SARAH	Authorized

Authorization Offline Authorization

Enter serial codes in a newline-delimited string.

ex)  
AAAA-AAAA-AAAA-AAAA  
BBBB BBBB BBBB BBBB  
CCCCDDDEEEEEFFFF

Go Back

This completes the online authorization procedure. Close VOCALOID Authorizer.

## Deauthorization (Restoring Authorization Data)

Be sure to deauthorize VOCALO CHANGER prior to uninstalling it.

If you uninstall the software without first deauthorizing it, you will not be able to authorize it if you install VOCALO CHANGER on a new computer.

### Notes on Deauthorization

Your computer must be connected to the internet to perform deauthorization.

<p><b>If the computer VOCALO CHANGER is installed on is connected to the internet:</b></p> <p>You can perform deauthorization as-is on the computer on which VOCALO CHANGER was installed. For details, see the online deauthorization procedures below.</p>	<p><b>If the computer VOCALO CHANGER is installed on is not connected to the internet:</b></p> <p>Use a different computer, which is connected to the internet, to perform deauthorization. Start VOCALOID Authorizer and click “Deauthorization.” Then click the “Deauthorization (Offline)” tab and follow the on-screen instructions to deauthorize VOCALOID offline.</p>
--	--

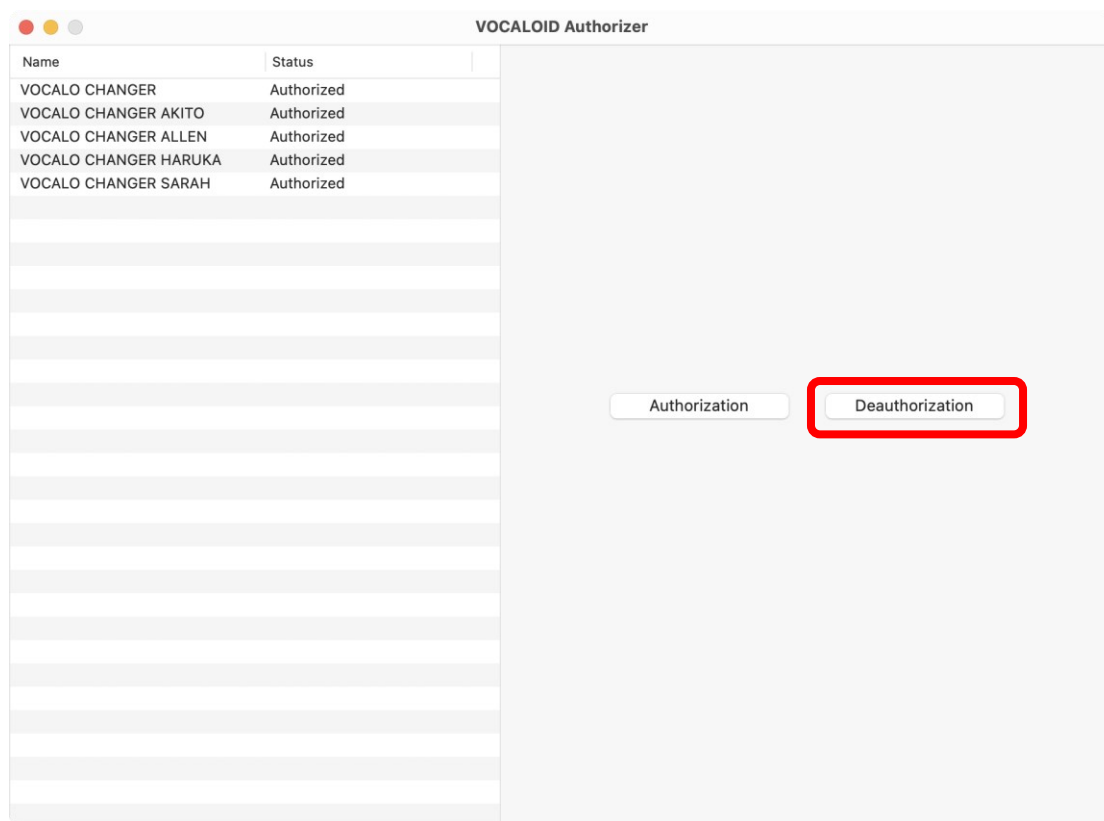

## Online Deauthorization Procedure

1. **Start VOCALOID Authorizer.**

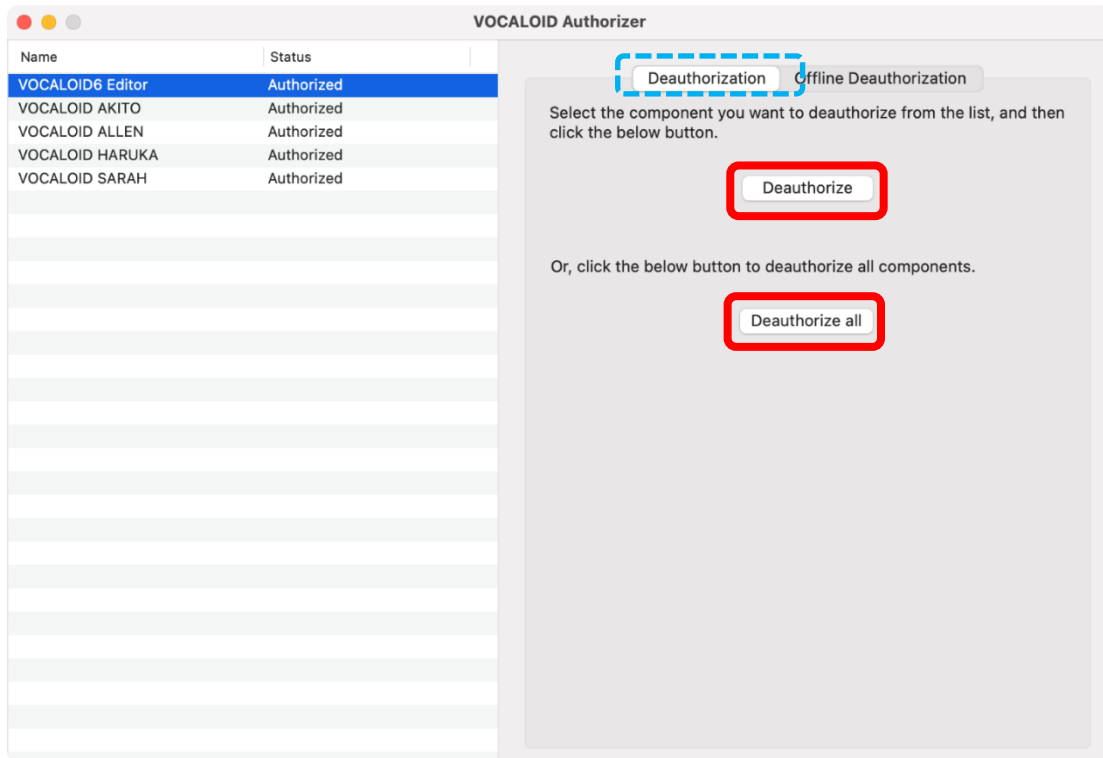

VOCALOID  
Authorizer

- ## 2. Click “Deauthorization.”

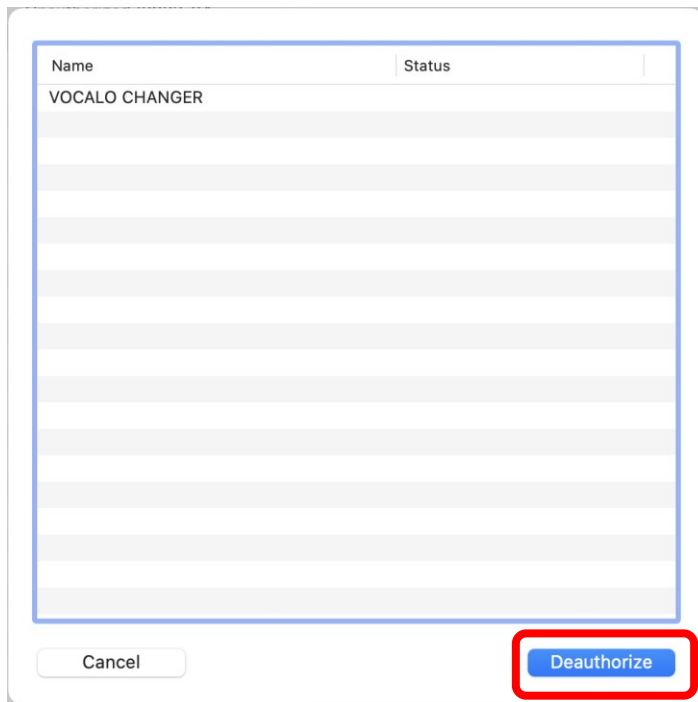

3. Make sure the “Deauthorization” tab is displayed.
4. Select the components you wish to deauthorize and then click “Deauthorize.”

If you wish to deauthorize all components, click “Deauthorize all.”

5. Check the content in the list and click “Deauthorize.”

- 6. Make sure the status in the list is “Complete,” and then click “OK.”**

Name

VOCALO CHANGER

Status

Complete

OK

- 7. Make sure the status of the components is “Unauthorized.”**

The screenshot displays the VOCALOID Authorizer application. On the left, a table lists components and their authorization status:

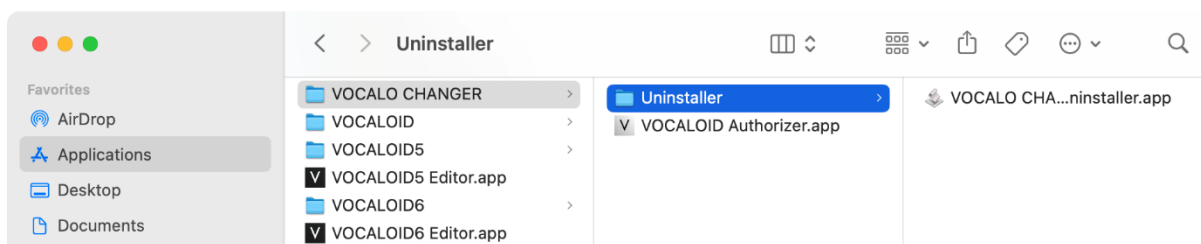

Name	Status
VOCALO CHANGER	Unauthorized
VOCALO CHANGER AKITO	Authorized
VOCALO CHANGER ALLEN	Authorized
VOCALO CHANGER HARUKA	Authorized
VOCALO CHANGER SARAH	Authorized

The 'VOCALO CHANGER' row is highlighted in blue, and a blue dashed box highlights the 'Unauthorized' status. On the right, the 'Deauthorization' tab is selected. It contains the text: 'Select the component you want to deauthorize from the list, and then click the below button.' Below this text is a button labeled '認証解除' (Deauthorization). Further down, it says 'Or, click the below button to deauthorize all components.' followed by a button labeled 'Deauthorize all'. At the bottom right, there is a 'Go Back' button.

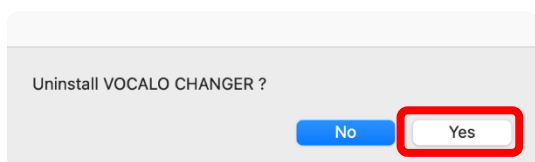

This completes the online deauthorization procedure. Close VOCALOID Authorizer.

## Uninstallation

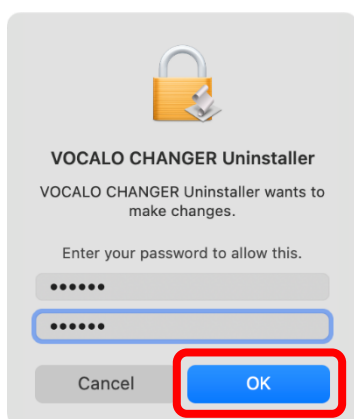

1. The uninstaller for components like VOCALO CHANGER and voice bank is in the below folder under “Applications.”

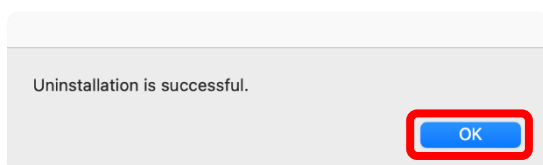

2. Start the uninstaller, and then click “Yes.”

3. Enter a username and password, and then click “OK.”

4. Click “OK.”

This completes uninstallation.

# Windows

## Installation

### Installation

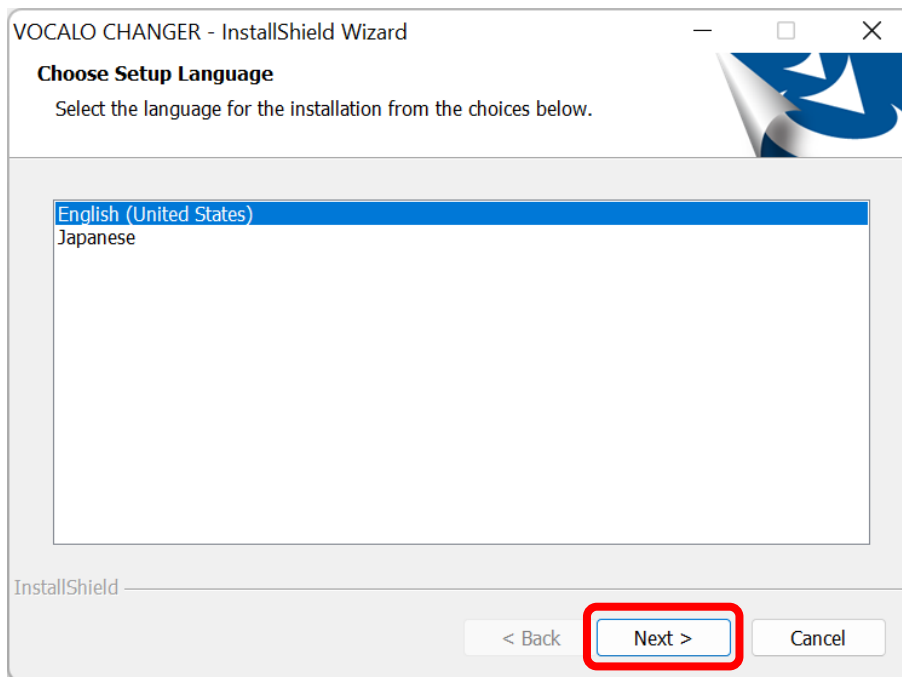

There are several installation files. After confirming that the operating environment and conditions for the product are met, perform all installation steps. Here we will explain one of the procedures as an example.

Since the downloaded file is a ZIP file, please unzip the file first before performing the steps.

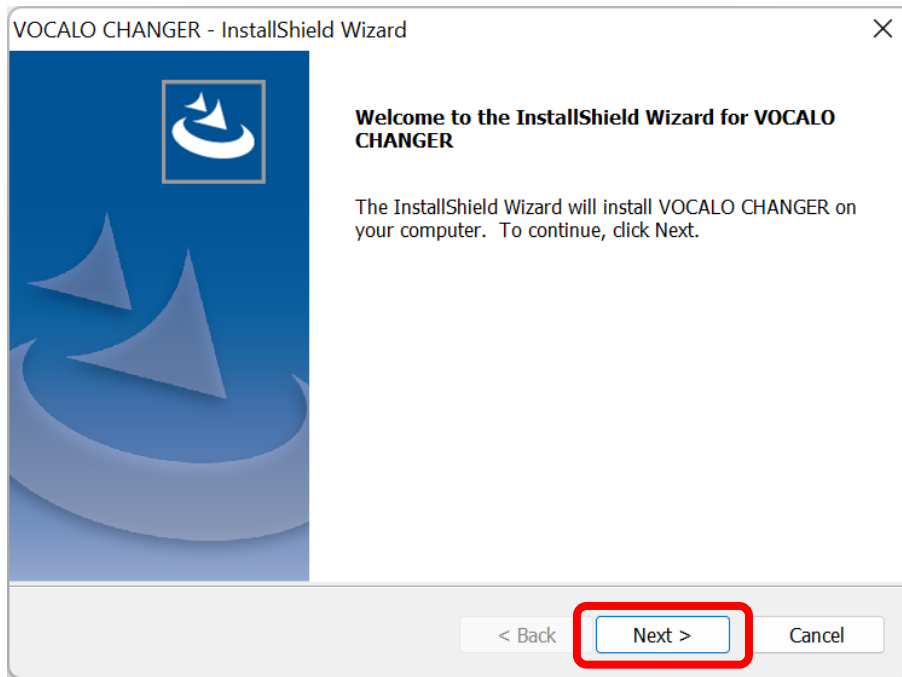

1. **Double-click the installation file (EXE file).**

The installer starts.

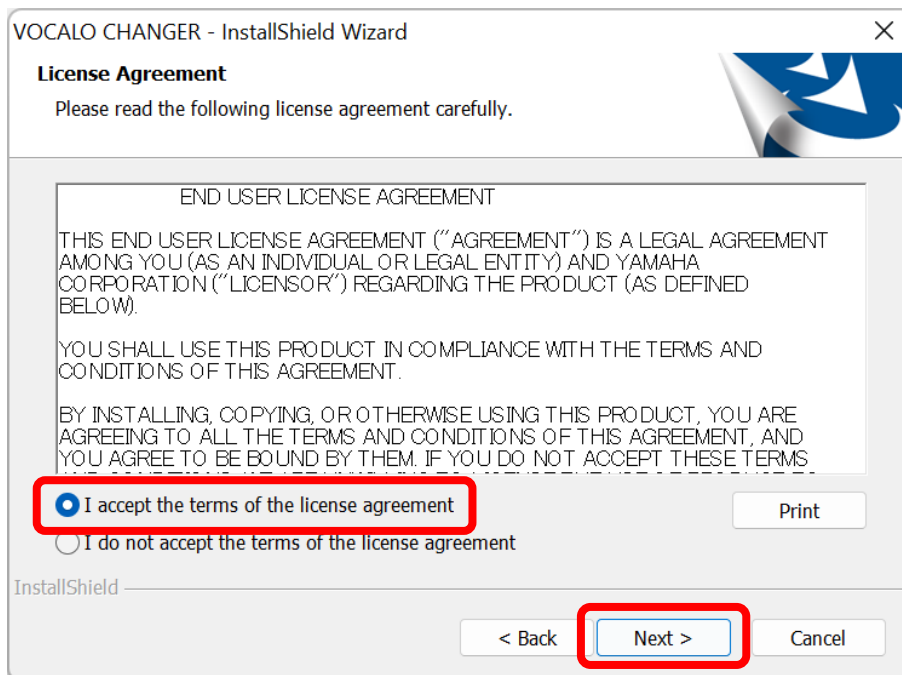

2. **Select the language to use during the installation and click “Next.”**

3. Click “Next.”

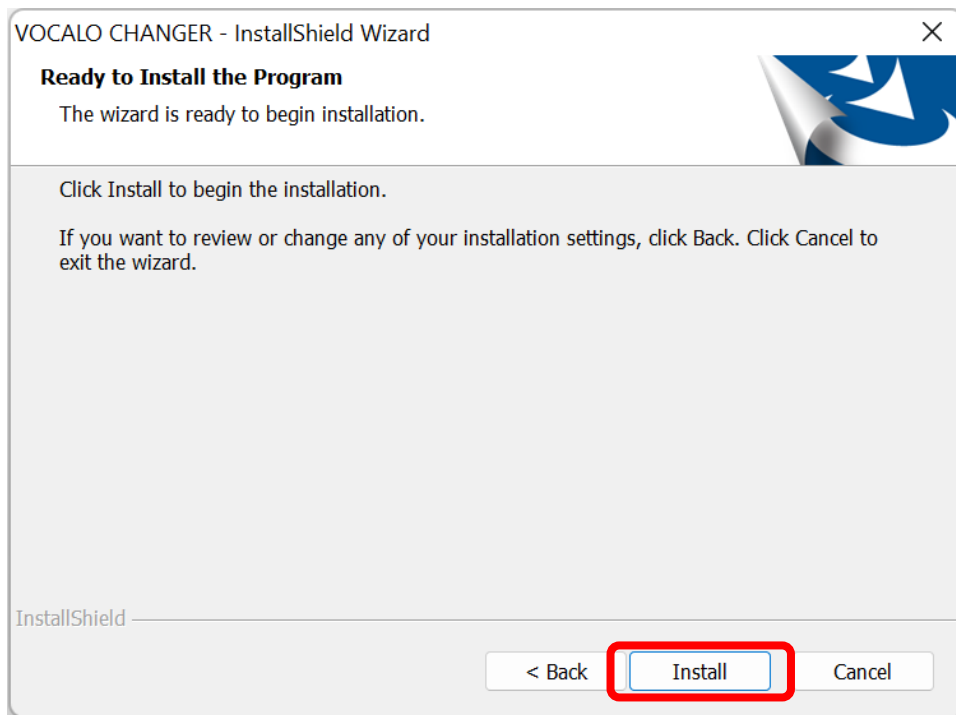

4. Click “I accept the terms in the license agreement” and then click “Next.”

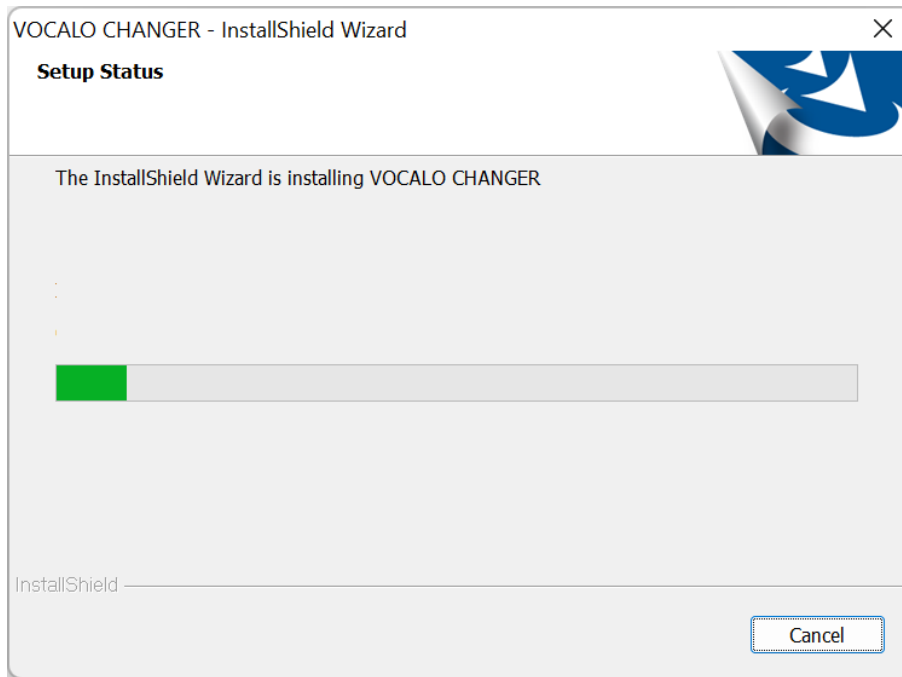

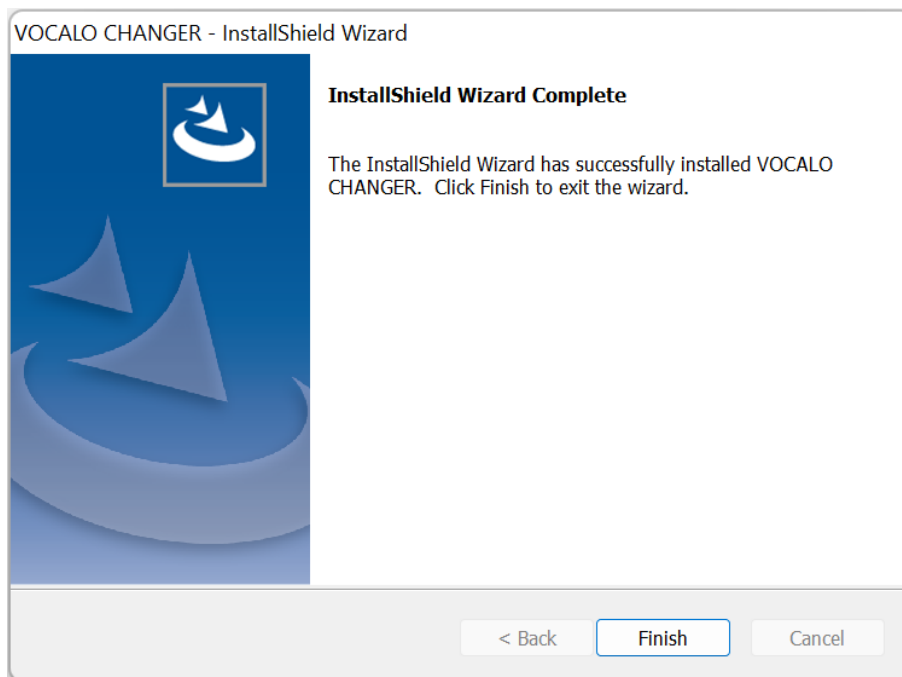

**5. Click “Install.”**

Installation begins.

The following window appears when installation finishes.

This completes installation. Repeat the procedure above until installation of all files is complete.

## Authorization

### Authorization

In order to use VOCALO CHANGER, you need to authorize the package after installing the files by accessing the VOCALOID authorization server via the internet. Although VOCALO CHANGER can be used for a certain period without activating it, it can no longer be used once that period expires. Be sure to authorize the software to continue to use it.

### Notes on Authorization

Your computer must be connected to the internet to perform authorization.

#### **If the computer VOCALO CHANGER is installed on is connected to the internet:**

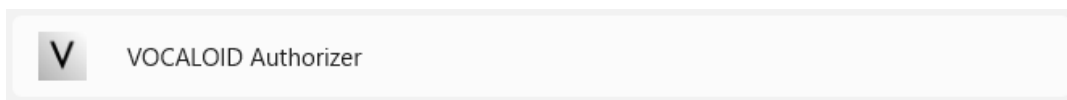

You can perform authorization as-is on the computer on which VOCALO CHANGER was installed. For details, see the online authorization procedures below.

#### **If the computer VOCALO CHANGER is installed on is not connected to the internet:**

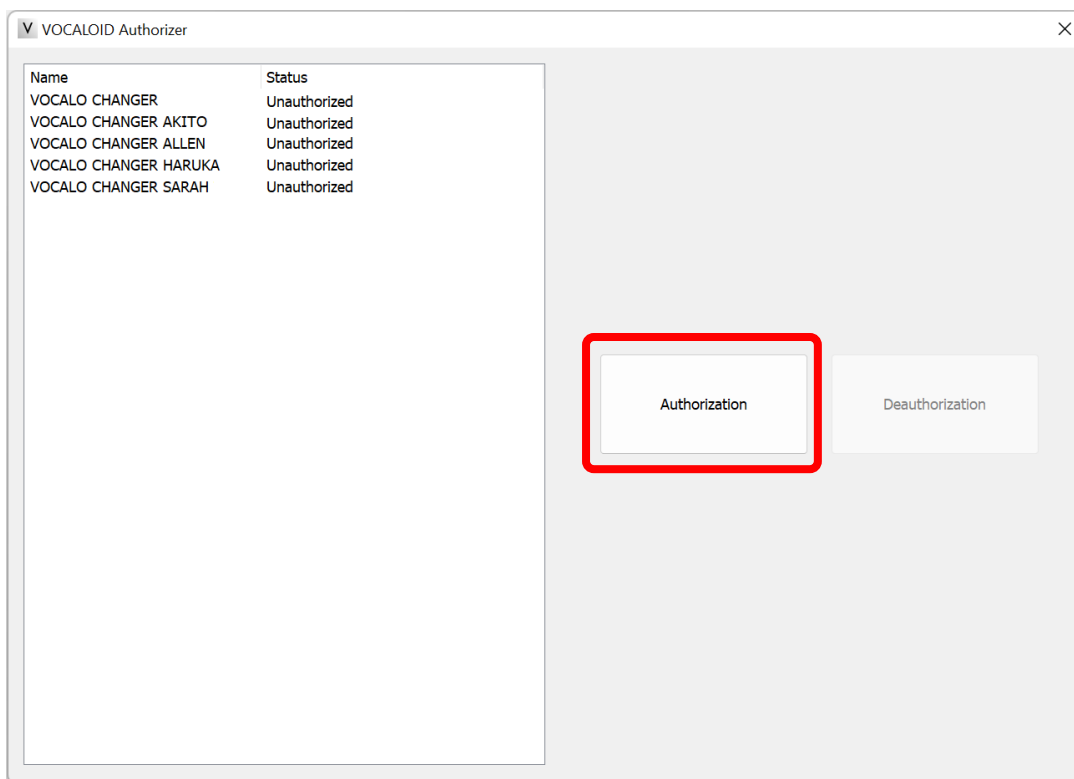

Use a different computer, which is connected to the internet, to perform authorization. Start VOCALOID Authorizer and click "Authorization." Then click the "Authorization (Offline)" tab and follow the on-screen instructions to authorize VOCALOID offline.

## Online Authorization Procedure

### 1. Start VOCALOID Authorizer.

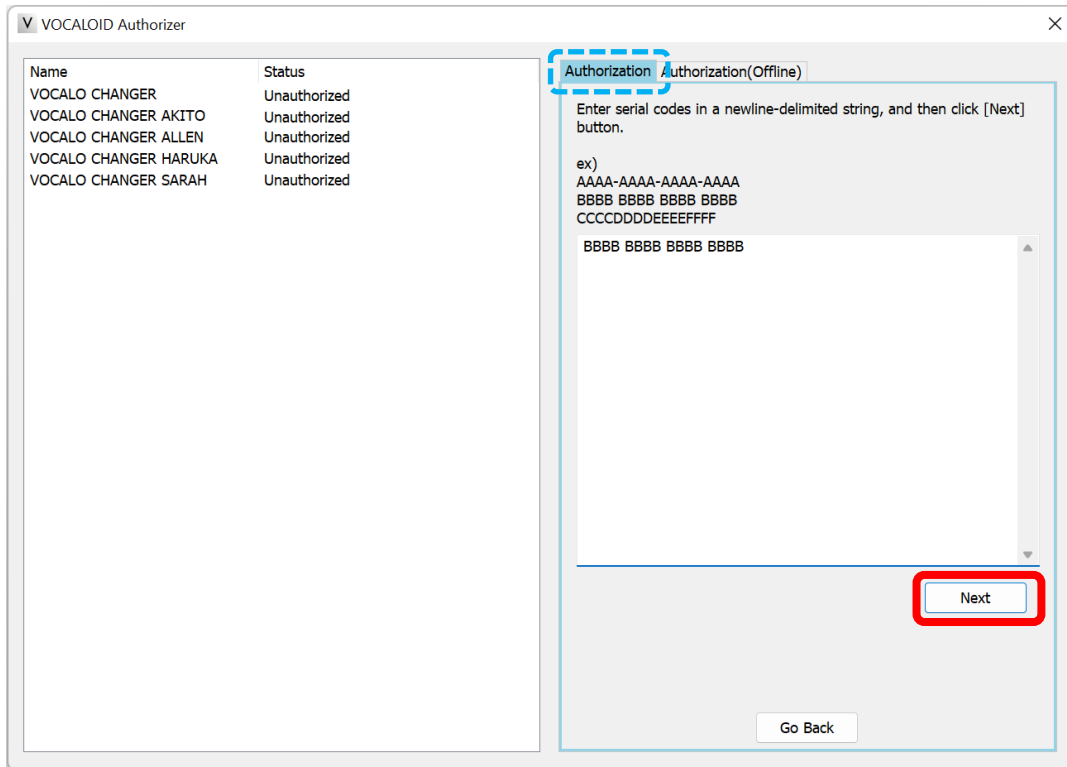

### 2. Click "Authorization."

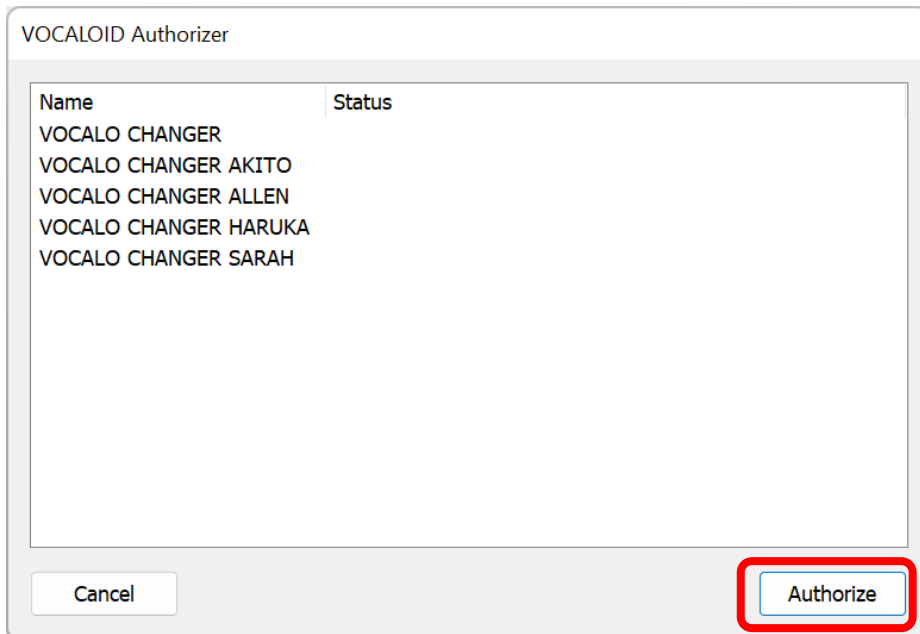

3. Make sure the “Authorization” tab is displayed.

4. Enter the serial code and click “Next.”

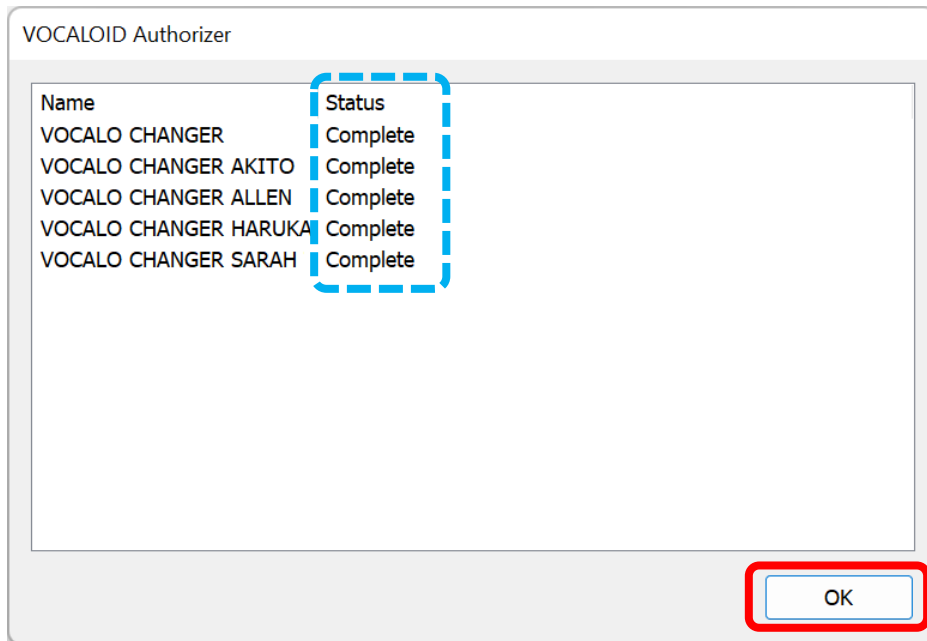

Several serial codes can be authorized at the same time by entering them as shown below.

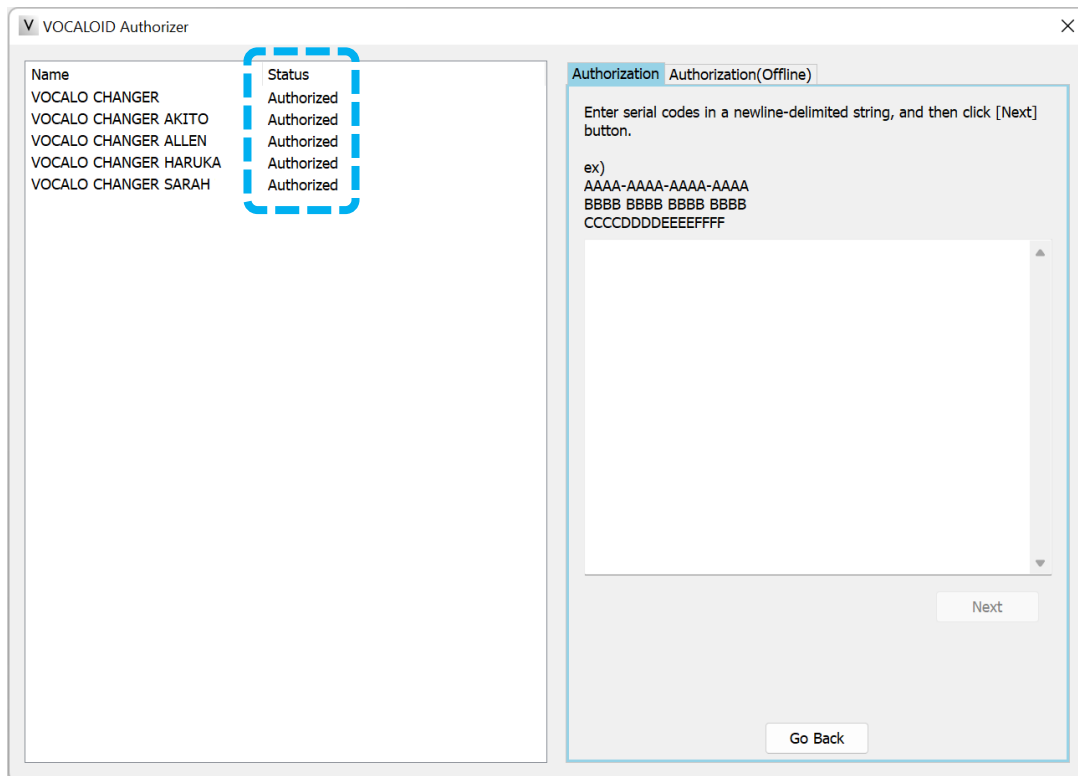

5. Check the names of components to be authorized and click “Authorize.”

6. Make sure the status in the list is “Complete,” and then click “OK.”

7. Make sure the status of the components is “Authorized.”

This completes the online authorization procedure. Close VOCALOID Authorizer.

## Deauthorization (Restoring Authorization Data)

Be sure to deauthorize VOCALO CHANGER prior to uninstalling it.

If you uninstall the software without first deauthorizing it, you will not be able to authorize it if you install VOCALO CHANGER on a new computer.

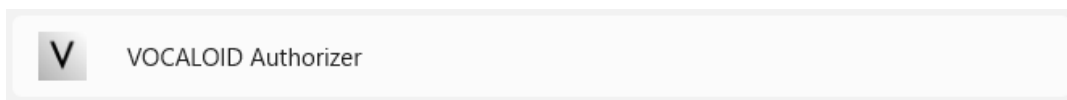

### Notes on Deauthorization

Your computer must be connected to the internet to perform deauthorization.

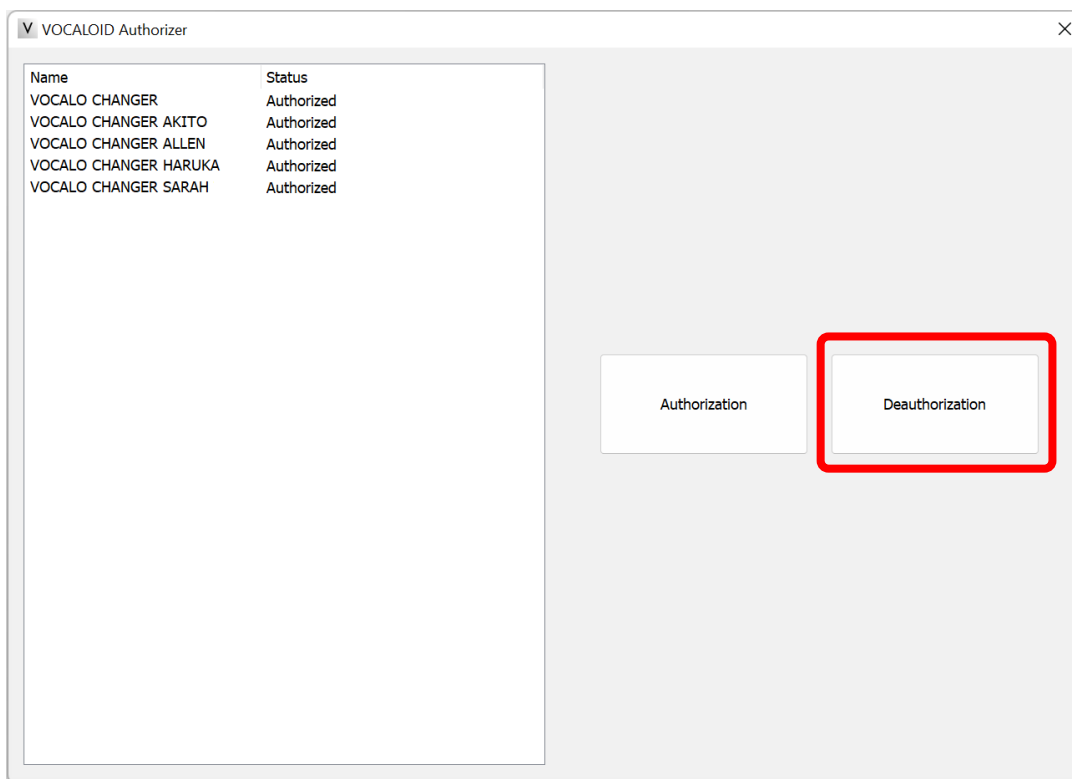

<p><b>If the computer VOCALO CHANGER is installed on is connected to the internet:</b></p> <p>You can perform deauthorization as-is on the computer on which VOCALO CHANGER was installed. For details, see the online deauthorization procedures below.</p>	<p><b>If the computer VOCALO CHANGER is installed on is not connected to the internet:</b></p> <p>Use a different computer, which is connected to the internet, to perform deauthorization. Start VOCALOID Authorizer and click “Deauthorization.” Then click the “Deauthorization (Offline)” tab and follow the on-screen instructions to deauthorize VOCALOID offline.</p>
--	--

## Online Deauthorization Procedure

### 1. Start VOCALOID Authorizer.

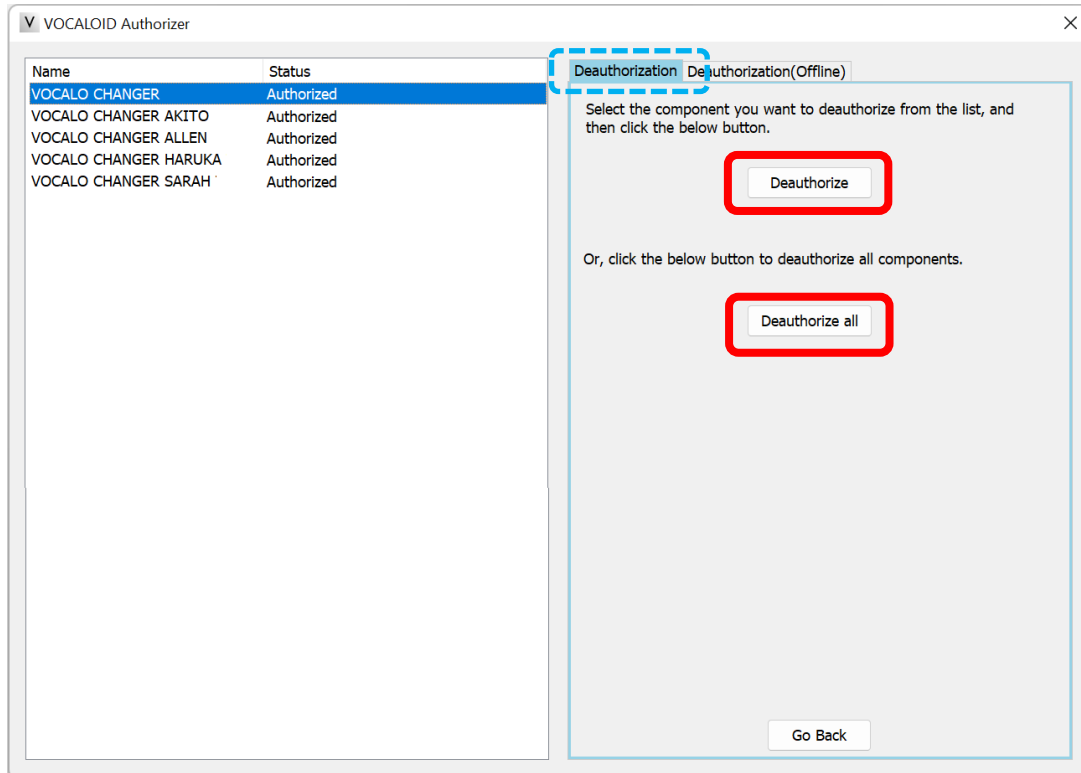

### 2. Click “Deauthorization.”

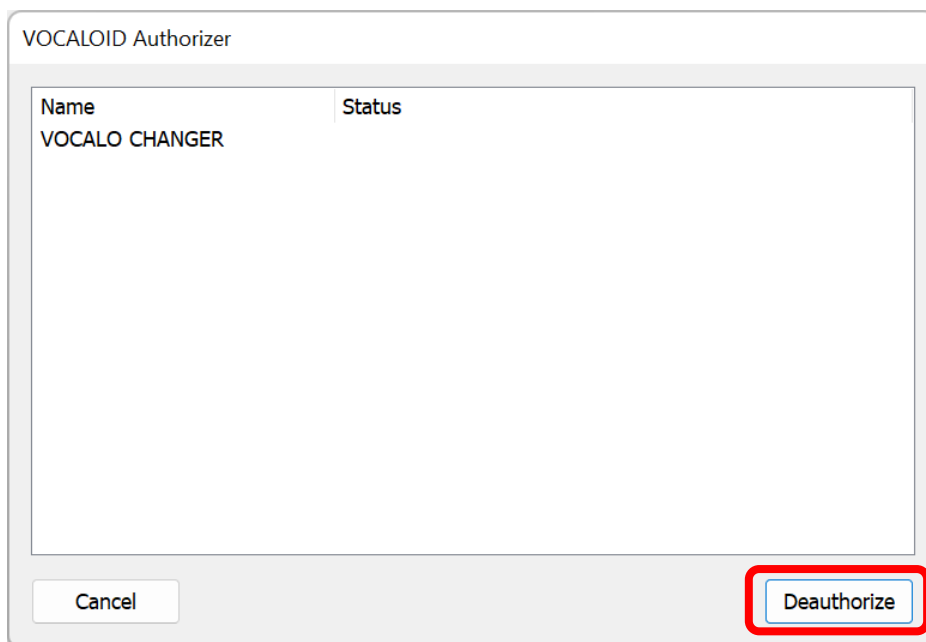

3. Make sure the “Deauthorization” tab is displayed.
4. Select the components you wish to deauthorize and then click “Deauthorize.”

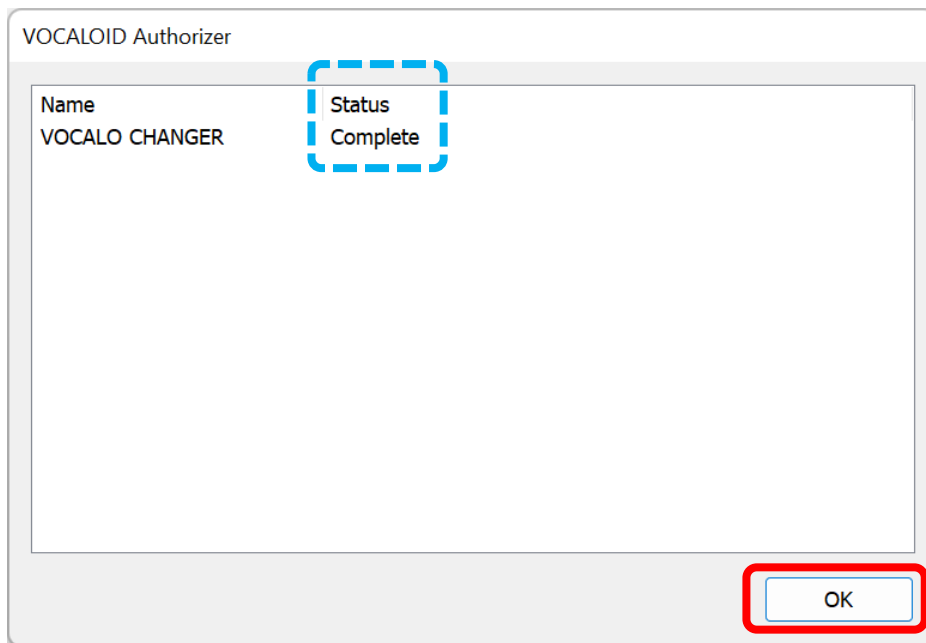

If you wish to deauthorize all components, click “Deauthorize all.”

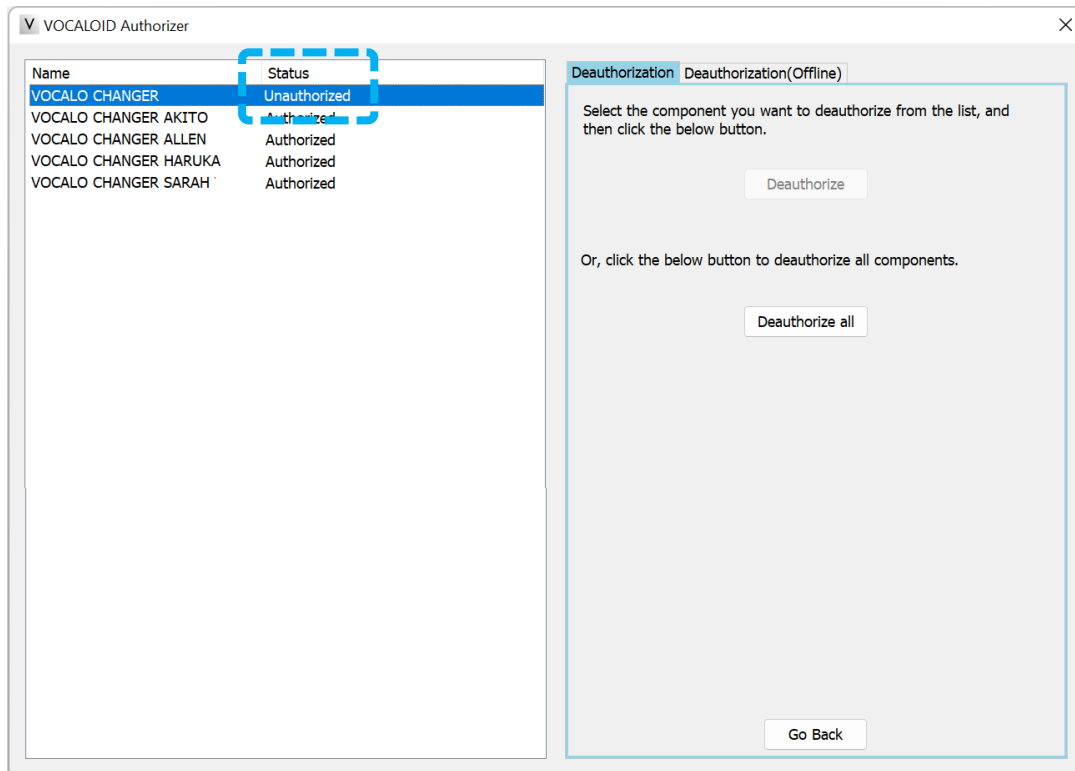

5. Check the content in the list and click “Deauthorize.”

6. Make sure the status in the list is “Complete,” and then click “OK.”

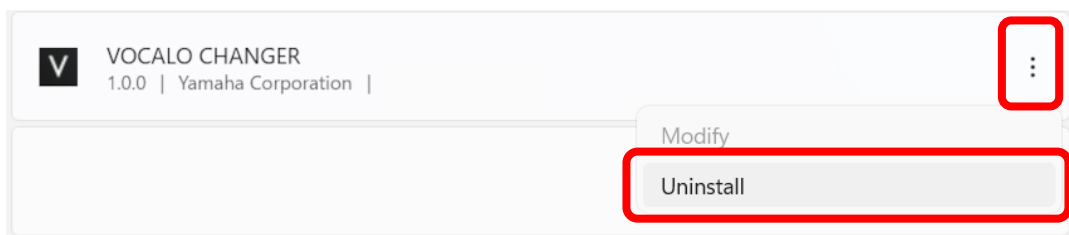

7. Make sure the status of the components is “Unauthorized.”

This completes the online deauthorization procedure. Close VOCALOID Authorizer.

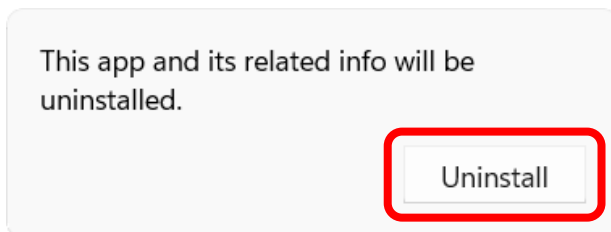

## Uninstallation

1. Select the program from the list displayed via “Start Menu” → “Settings” → “Apps” → “Apps & features” and then click “Uninstall.”

An uninstaller confirmation window appears.

2. Click “Uninstall.”

This completes uninstallation.
